

Rotisserie Pre-Installation Checklist

Installation of the oven is to be completed only by an authorized Alto-Shaam service partner.

Place this form with the oven's records.

WARNING: Electric shock and arc flash hazard.
Use caution when measuring line voltage and line current.
Wear Personal Protective Equipment (PPE).

Site survey date:	Installation company name:
Location name:	Survey technician name:
Location address:	
Contact name:	Contact phone number:
	Contact email:
Appliance model number(s):	Appliance serial number(s):
Number of units to be installed:	

Appliance visual inspection (outside)	Yes			No		
	Is the exact location of the oven known?					
Is the location of the oven on a level surface?						
Measure the door/entranceway clearance.	Door 1	Door 2	Door 3			
Measure the hallway clearance.	Hall 1	Hall 2	Hall 3			
Measure the elevator opening.						
	Height	Width	Depth			
Measure the elevator internal dimensions.						
Is there room to move the oven through hallways, doors, and paths to reach its destination?	Yes	No				
Based on the oven's location, will the oven be accessible for servicing?						
Is a ventilation hood installed above where the oven will be installed?

Oven Clearances:	Record	Pass	Fail
Right side:			
Rear:			
Left side:			
Top:			
	Yes/No		
Is the oven accessible for service?			
If NO, comment on the issue:			
Other comments:			

Water supply:

	Yes	No	
Is there a 3/4" cold water supply line per oven within 3' (914mm) of where the oven(s) are to be installed.			
Is there a 3/4" NPT male fittings with shut offs connected to each of the oven(s) to be installed?			
Is the dynamic water pressure from the 3/4" cold water supply line a minimum of 30 psi for each oven?			
Is the static water pressure from the 3/4" cold water supply line less than 90 psi for each oven?			
If yes, note the system here.	Brand name:		Model:
Measured rate of flow: (2 GPM required)	GPM:		
Measured water pressure: (30-90 PSI required)	PSI:	BAR:	
	Yes	No	
Does the water supply line(s) have a shutoff valve(s) for each oven?			
Can this site contact provide evidence that a documented water analysis has been performed?			

Electrical:

	Record		
Rated oven voltage/phase:	Voltage:	Phase:	
Actual main voltage provided:	Voltage:	Phase:	
What is the measured voltage on site?	1 PH L1-N:	L2-N:	
	3 PH L1-N:	L2-N:	L3-N:
	3 PH L1-L2:	L1-L3:	L2-L3:
Recommended breaker size:	Breaker size on site:		
Is there a disconnect or junction box within 3 feet of where the oven is being installed?
